UPCOMING CALLS/EVENTS

Ambient Air Quality/EPA/NTAA/Tribes

NTAA Upcoming Calls. The toll-free number is 1-800-309-2350. If you do not need to call toll free, or would like to help conserve NTAA funding, you can call 1-805-309-2350. Both numbers use code 928-523-0526#.

Contact Andy.Bessler@nau.edu if you have any questions about any call!

Indoor Air Quality Work Group: Help set priorities and plan the upcoming Federal listening session.	Tuesday, September 19, 2pm ET
EPA Policy Update Call: Receive updates from EPA	Thursday, August 31, 2pm ET
Volkswagen Settlement Work Group: Stay informed about the VW settlement with these monthly calls	Thursday, September 7, 2pm ET

EPA Releases Draft FY 2018 Exchange Network Grant Solicitation Notice for Stakeholder Review

In preparation for the FY 2018 Exchange Network grant application process, EPA will hold two conference calls to review the Draft FY 2018 Exchange Network Grant Solicitation Notice (SN) as well as obtain feedback and answer questions on the SN from the Exchange Network Community. [The Draft Notice is available here](#) for your review prior to the conference call.

The first call will be held Wednesday, August 30, 2017, from 1:00-2:00 PM EDT. The second call will be held Wednesday, September 6, 2017, from 1:00-2:00 PM EDT. To participate in either call, please dial: 1-866-299-3188, and enter the conference code 202-566-0466, and enter the web conference at <http://epawebconferencing.acms.com/sn-feedback/>.

If you would like to provide feedback, EPA will accept comments on the Draft Notice until COB on September 11, 2017. Comments should be emailed to ENGrantProgram@epa.gov.

EPA plans to issue the final FY 2018 Exchange Network Grant Solicitation Notice in October 2017.

National Ambient Air Quality Standards (NAAQS) 3-Part Webinar Series

The U.S. Environmental Protection Agency (EPA) is hosting a three-part webinar series on the National Ambient Air Quality Standards (NAAQS) for communities.

Under the Clean Air Act (CAA), the EPA is required to set the NAAQS and review those standards every five years for six common air pollutants (also known as "criteria" air pollutants). There are NAAQS for ground-level ozone (O₃); particulate matter (PM); carbon monoxide (CO), lead (Pb), sulfur dioxide (SO₂), and nitrogen dioxide (NO₂). These criteria air pollutants are found all across the United States and can harm your health, the environment, and cause property damage.

In this webinar series, you will learn how the EPA: 1) sets, reviews and revises the primary (health) and secondary (environmental) standards; 2) designate areas that are meeting or not meeting these standards; and 3) works with areas to meet and maintain these standards.

During each 90-minute webinar, there will be an overview presentation of the topic followed by a question and answer session.

WEBINAR SERIES LINE-UP:

Webinar #1: NAAQS (101) (This session date has passed.)

Webinar #2: NAAQS – Designations (This session date has passed)

Webinar #3: NAAQS - Implementation

(This session will discuss how to attain & maintain the NAAQS and what role the community can play in the implementation process.)

- Date: Wednesday, August 30, 2017
- Time: 1:00 -2:30 PM EST
- Participant Dial-in Number: (800) 309-5450
- Conference ID: 30986885
- Webinar Link: <https://epawebconferencing.acms.com/naaqs-implement>

How to Participate: You do not need to register in advance for these webinars. To participate, please click on the webinar link at the date and time shown above. Audio for the webinar will be delivered through the phone line. It is recommended that you call in 15 minutes before the webinar's start time to ensure your participation.

To Join a Webinar: Click on the link and follow these instructions:

1. Click "Enter as a Guest"
2. Type in your first & last name and organization
3. Click "Enter Room"

You will be in the room!

Make sure to use the participant call in number and conference ID for audio

If you have never attended an Adobe Connect meeting before, we highly recommend that you test your connection:

http://epawebconferencing.acms.com/common/help/en/support/meeting_test.htm

We look forward to your participation and encourage you to share this invitation with others in the community who may be interested. Information about the NAAQS can be found at: <https://www.epa.gov/criteria-air-pollutants> and <https://www.epa.gov/criteria-air-pollutants/process-reviewing-national-ambient-air-quality-standards>.

For questions about the webinars, please contact Rhonda Wright at wright.rhonda@epa.gov.

Chemehuevi Indian Tribe is hosting a Mobile Home Deconstruction Training: A Hands-on training and presentations with deconstruction industry professional & EPA Region 9

Sept. 6-7 at the Chemehuevi Indian Reservation, California - 8:30 am to 3 pm at 1985 Palo Verde Drive, Havasu Lake, Ca, 92363

The Chemehuevi Indian Tribe Environmental Department will continue mobile home deconstruction through the end of September. If you wish to further your deconstruction knowledge after the training please see the contact information for Lex Koscielak below.

To Register for training, contact Lex Koscielak at ast.dir.epa@cit-nsn.gov or (760) 858-1140/ For additional information contact: Deirdre Nurre, EPA Region 9 Tribal Solid Waste Coordinator, nurre.deirdre@epa.gov or (415) 947-4290

ITEP's Climate Change Adaptation Training Courses registration is now online! [Learn more about the courses and register here.](#)

ITEP's [2017 and 2018 AIAQTP Course Schedule](#)

Course Title	Dates	Location
2017		
Indoor Air Quality – Level 1	September 26-28	Tulsa, OK
Air Quality & IAQ in Alaska	October 10-13	Nome, AK

IAQ Diagnostic Tools	October 24-27	TAMS Center, Las Vegas, NV
Fundamentals of Air Monitoring	December 4-6	TAMS Center, Las Vegas, NV
2018		
Introduction to Air Quality	January 9-12	Flagstaff, AZ
Treatment As State	February 6-8	TAMS Center, Las Vegas, NV
Air Quality Computations	February 27-March 2	Phoenix, AZ
IAQ in AK – Level 1	March 13-15	Alaska
Air Pollution Technology	March 20-23	Flagstaff, AZ
GIS for Air Quality	April 17-19	TAMS Center, Las Vegas, NV
Air Pollution & Ecosystems	May 15-18	Flagstaff, AZ
Management of Tribal Air Programs and Grants	June 5-7	TBD
Quality Assurance (QA) Fundamentals	Open	Online
Building Performance: Improving Energy Efficiency & IAQ	TBD	Online
Radon Fundamentals	Open	Online
Tribal Data Toolbox	TBD	Instructor-led Online
Air Quality Planning for Wildland Smoke	Dates TBD	Hybrid (online and classroom)

Note: This schedule is subject to change. [Click here](#) for up-to-date information, course descriptions, and applications. If you have questions regarding the pre-requisites or your eligibility for this course, please contact Patricia Ellsworth, Air Quality Curriculum Coordinator, at Patricia.Ellsworth@nau.edu or phone 928-523-6721. For more information, please visit [ITEP's website](#).

Air Sensors International Conference: Save the week of September 10, 2018
 ASIC will bring together stakeholders from academia, government, communities, and commercial interests to promote and advance air pollution sensors, improve the data quality from these sensors, expand the pollutants measured, and foster community involvement in monitoring air quality. [Click here for more information](#).

2017 Southwestern Tribal Climate Change Summit

The La Jolla Band of Luiseño Indians, Institute of Tribal Environmental Professionals, University of San Diego's Climate Education Partners (CEP), and the Climate Science Alliance are collaborating on the *2017 Southwestern Tribal Climate Change Summit*. Registration is now open and please forward to your contacts!

Location: *University of San Diego*

When: *September 19-21, 2017*

Website: http://www7.nau.edu/itep/main/tcc/Home/swtcc_Summit

NOTE:

- ✓ *Southwestern Tribes will receive first preference.*
- ✓ *If you submit a registration form, you must also submit an "Attendee Expectation Form."*

Contact: Contact Nikki.Cooley@nau.edu with any questions.

Indoor Air Quality

ITEP's Indoor Air Quality in Tribal Communities: A Level 1 course for Tribes in the Lower 48

September 26-28, 2017. Tulsa, Oklahoma

Course Description: This entry-level course is designed to provide an understanding of common indoor air quality (IAQ) problems in tribal homes and schools. The course includes an overview of indoor air pollutants and their health effects, and tips for solving IAQ problems. There will be hands-on practice with a comprehensive assessment checklist used to identify IAQ problems. This course consists of lectures and a tribal case study, demonstrations, small-group activities, and a building walk-through.

Topics Include:

- Indoor air concerns in tribal communities
- Overview of building science
- Mold and its health effects
- IAQ pollutants and cancer
- IAQ and asthma
- Hazardous materials in homes and schools
- Combustion products

- Equipment for assessing IAQ
- Outreach: prevention of IAQ problems
- Collaboration and resources

There is no prerequisite for this course. Preference will be given to tribes who submit applications from TWO different departments: environmental, housing, and/or health. Preference will also be given to applicants who have an indoor air quality task in a grant work plan.

Please note: this course is a **pre-requisite** for ITEP's Level 2 course, Indoor Air Quality Diagnostic

Tools for Tribal Professionals.

Pre-Requisites: None

Conference of Radiation Control Program Directors announces National Radon Training Conference to be held on October 2-4, 2017

CRCPD is pleased to announce that the 27th National Radon Training Conference announcement and registration has been posted to the CRCPD website. You may access the 27th National Radon Training Conference that includes the agenda, hotel, registration, and transportation information by click this link <http://www.crcpd.org/events/EventDetails.aspx?id=882978>.

RESOURCES

Now Hiring!

The USFS and the Wildlife Society are seeking Native American Research Assistantships

The U.S. Forest Service (USFS), Premier Partner of The Wildlife Society, is sponsoring a research assistantship program for Native American students. Short-term assistantships are available for Native American students interested in wildlife and forest resources and excited to learn and work with an interdisciplinary team of researchers. Applicants must be a member of an American Indian or Alaska Native tribe, First Nations, or a Native Hawaiian or Pacific Islander, or have some other indigenous identification, and be currently enrolled in an undergraduate or graduate program from an accredited academic institution. A bachelor's or master's degree in wildlife biology, ecology, forestry or other closely related natural resource discipline is preferred. Students with Associates degrees from TCUs or other community colleges will be considered.

The deadline application is October 18, 2017. [Follow this link for more information.](#)

Western Mining Action Network is hiring an Indigenous Caucus Coordinator

Application deadline: September 29, 2017

WMAN is a network of Indigenous, conservation, and public interest groups that works to limit the adverse environmental, economic, and social impacts of the mining industry in North America. The Network Indigenous Coordinator is responsible for facilitating Network communications, especially among WMAN's Indigenous Caucus participants and between the Indigenous Caucus and Network as a whole; fundraising for the Indigenous Coordinator Position and Indigenous Caucus; promoting, utilizing and acquiring tools and resources for WMAN's Indigenous participants; and assisting the WMAN Coordinator in Network functions and operations. For more information and to apply, please contact Mary Costello, WMAN Coordinator, wmancoordinator@outlook.com

Ambient Air Quality/EPA/NTAA/Tribes

Attention Region 9 Tribes:

San Pasqual Band of Mission Indians & U.S. EPA Region 9 25th Annual Tribal EPA Conference Conner Byestewa Jr. Award Nomination is open until September 15th.

All nominations must be submitted by September 15th, 2017. Nominations may be submitted via the [conference website](#) or by emailing the completed form to carolinaj@sanpasqualtribe.org.

Indian Health Service is pleased to announce the Zero Suicide Initiative Notice of Funding Opportunity Announcement (NOFO).

IHS anticipates making a total of 8 awards for \$3.2 million to IHS facilities, Tribes, and tribal or urban Indian organizations to improve the health care system for those at risk for suicide by implementing a comprehensive, culturally-informed, multi-setting approach. Individual award amounts are anticipated to be \$400,000. The deadline for the application submission is October 12, 2017.

For Tribes, Tribal organizations, and UIOs:

<https://www.federalregister.gov/documents/2017/08/21/2017-17599/division-of-behavioral-health-office-of-clinical-and-preventive-services-zero-suicide>

Attention Region 10 Tribes and Native Villages:

Region 10 Tribal Radon Survey Open until September 1st.

The goal of this survey is to gather information about past and current radon efforts and radon needs for Region 10 tribes and Alaska Native Villages. Results from the survey will be used to identify tribal radon strengths, barriers to radon work, and opportunities for solutions.

The survey should take between five and fifteen minutes to complete. We recommend discussing the questions with your tribal housing or environmental office and submitting one survey. Survey link will remain live for one week from when you start the survey. All responses will remain anonymous.

Link to the Survey: R10 Tribal Radon Survey

The U.S. EPA's Indoor airPLUS Program is pleased to announce the [2017 Leader Award winners](#).

Indoor airPLUS is a voluntary partnership and labeling program that helps new home builders improve the quality of indoor air by requiring construction practices and product specifications that minimize exposure to airborne pollutants and contaminants. This annual award recognizes market leading organizations who promote safer, healthier indoor environments by building and verifying new homes that earn the Indoor airPLUS label. These homes include enhanced indoor air quality protections for their new homebuyers such as moisture control, radon protection, pest prevention, improved HVAC systems, combustion pollutant control, and low-emission building materials.

The nine Leader Award winners were selected from a growing pool of Indoor airPLUS homebuilder and Home Energy Rater partners who actively promote their partnership and commitment to improved indoor air quality. Through the dedication of our industry partners, the program continues to grow, with new homes being constructed and labeled by builders—small, large, and affordable—all across the country.

Congratulations to the following partners who have been awarded the 2017 Indoor airPLUS Leader Award:

- Affordable Builder Category
 - Habitat for Humanity of Kent County, MI
- Small Builder Category
 - C & B Construction, Cottonwood, AZ
- Large Builder Category
 - Fulton Homes, Tempe, AZ
 - Mandalay Homes, Prescott, AZ
 - Thrive Home Builders, Denver, CO
- Home Energy Rater Category
 - E3 Energy, LLC, Flagstaff, AZ
 - Energy Inspectors, San Marcos, CA
 - Integral Building & Design, Inc., New Paltz, NY
 - Steven Winter Associates, Norwalk, CT

The Indoor airPLUS Program would like to extend its gratitude to this year's Leader Award recipients, as well as all program partners, who continue to lead the market by constructing and verifying safer, healthier homes for the American public.

To learn more about the Indoor airPLUS Program and to find a builder partner, visit www.epa.gov/indoorairplus.

FUNDING OPPORTUNITIES

Ambient Air Quality/EPA/NTAA/Tribes

ANTHC opens RFPs for Air Quality Sub-Awards

Alaska Native Tribal Health Consortium (ANTHC) recently released their FY18 Request for Proposals for Air Quality Sub-Awards. These sub-awards provide funding for federally recognized tribes in Alaska to address air quality concerns in their communities. Proposals should describe a project that will address an air quality concern in a tribal community such as road dust, indoor air quality, solid waste burning, ambient air pollution, and wood smoke. Awards can be funded up to \$20,000 and are limited to one sub-award per tribe. If an air quality project includes any type of monitoring, assessment/surveys, or data collection, ANTHC will assist in the development of the required Quality Assurance Project Plan. This opportunity is competitive and is funded by a Clean Air Act grant from the US Environmental Protection Agency – Region 10 that is administered by ANTHC.

DEADLINE: August 31, 2017

Please note: These Sub-awards are competitive and limited to only one Sub-award per Tribe. Please see the eligibility requirements below as they have changed from FY'17.

Eligibility Requirements:

- Federally recognized Tribes within the State of Alaska
- Federal Tax ID Number & DUNS (Data Universal Numbering System) included with application
- Completed Phase I Air Quality Assessment submitted before or with application

Application Point Breakdown: *(Please see application for full breakdown)*

- Community Information (5 points)
- Description of the current air quality situation and problems posed by the situation (40 points)
- Project Capacity (10 points)
- Grant Timeline (15 points)
- Itemized Budget (10 points)
- Narrative Budget (10 points)
- Documented Support (10 points)
- Attachments: Pictures, Letters of Support, Negotiated Indirect Cost Rate Agreement *(if applicable)*

Total maximum points = 100

Please use the below contacts to request detailed instructions on the grant application, a sample cooperative agreement, as well as an ANTHC Phase I Air Quality Assessment tool that **MUST** be completed and submitted along with the grant proposal.

Please submit your completed Sub-Award application to:

Fax: 1-888-500-1205

Email: air@anthc.org

If you have any questions about grant ideas, eligibility, or need additional information, please do not hesitate to contact any of us directly.

AJ Salkoski • 907-729-4518 • air@anthc.org

Mary Schneider • 907-729-4006 • air@anthc.org

FY 2017 Economic Development Assistance Programs, Department of Commerce

Full details [here](#)

There are no submission deadlines under this opportunity.

Funding range: \$100,000 to \$3,000,000

The Economic Development Administration (EDA) solicits applications from applicants in rural and urban areas to provide investments that support construction, non-construction, technical assistance, and revolving loan fund projects under EDA's Public Works and Economic Adjustment Assistance programs. Grants and cooperative agreements made under these programs are designed to leverage existing regional assets and support the implementation of economic development strategies that advance new ideas and creative approaches to advance economic prosperity in distressed communities. EDA provides strategic investments on a competitive- merit-basis to support economic development, foster job creation, and attract private investment in economically distressed areas of the United States. There are no submission deadlines under this opportunity. Proposals and applications will be accepted on an ongoing basis until the publication of a new Economic Development Assistance Program Federal Funding Opportunity announcement.
